## **The Caregiver's Challenge**

From the interaction between the Group and the Individual, intense, chaotic and primitive emotions arise in the group, unconscious and omnipotent fantasies and needs that seek immediate satisfaction by interfering with the functioning of the group itself and which manifest themselves with the visible appearance of one of the three psychic processes that Bion defines as "Basic Assumptions", in the abbreviation AdB, of group functioning. His abiding concerns have been ethics and literary study, the concept of language, the work of Joseph Conrad, and, more recently, a variety of issues relating to educational theory and practice, especially the

humanities.
